

COUNTY

Owen, IN

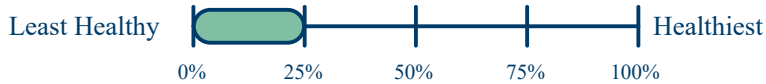

2023 ▼

Rank #71 of 92 ranked counties in Indiana

Health Outcomes

Health outcomes represent how healthy a county is right now, in terms of length of life but quality of life as well.

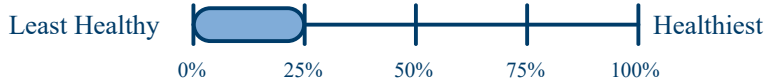

Owen (OW) is ranked among the least healthy counties in Indiana (Lowest 0%-25%).

Health Factors

Health Factors represent those things we can modify to improve the length and quality of life for residents.

Owen (OW) is ranked among the least healthy counties in Indiana (Lowest 0%-25%).

County Demographics

The health of a place results from past and present policies and practices. The land known as Owen County, along with the entirety of the U.S., has been home for many thousands of years to hundreds of Indigenous nations. Native Land Digital "strives to create and foster conversations about the history of colonialism, Indigenous ways of knowing, and settler-Indigenous relations."

Owen County, Indiana is Metropolitan (intersecting an urban core area of 50,000 or more population). In Owen County, 100% of the population lives in a low population density area (500 or fewer people per square mile and less than 2,500 people).
